

TRU™

CUSTOM-FIT PRECISION HEARING PROTECTION

Westone®

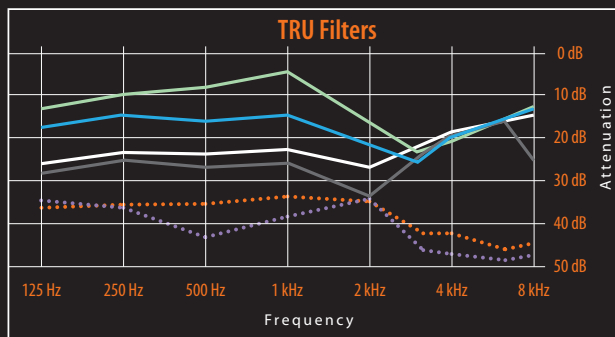

- Compact, low profile & interchangeable filters
- Four levels of attenuation
- Color-coded for easy identification

see website for additional colors

With a low profile and selection of four interchangeable filters, TRU Customs allow you to protect your hearing and select attenuation to match your listening style. Each custom earpiece is precisely fitted to your ear canal utilizing 3D digital scanning and manufacturing, providing maximum comfort, discreet size, and incredible clarity. TRU Customs are available from your local hearing care professional. Westone will keep your digital ear impressions in our proprietary EarVault for two years should you need a replacement.
